Saltus Grammar School

Looking Back.....and moving forward

The Martlet 2009

The Headmaster

Mr. Kermode's directorial debut after arriving at Saltus in 1978

Saltus is a fine school and a school of which I have always been proud!

We offer far more than any of our competitor schools, we have a more extensive facility than they can hope to match, our results are entirely comparable and our graduates distinguish themselves at colleges and universities around the world. Furthermore, our contribution to the community of Bermuda has been, and continues to be, outstanding.

As you read this, my last foreword for The Martlet, I ask that you to take to heart the following observations which are to be found in the SGS year book for 1974-75. They were written by the then Headmaster, Roy Haygarth, who interviewed and appointed me to Saltus in 1978. His comment speaks to something which I believe absolutely and it characterizes a school which today, with all its current facilities and technology, has actually not changed its mission over the years.

"Standard is a term one hears a great deal of these days; rightly so, of course, but people who use the word are most often being very vague and just hiding behind one of those slogans and battle cries which act so comfortably as a substitute for thought. Certainly, it is difficult to be entirely fair and objective about this; some aspects are measureable, and have been measured, the reading ages in the Prep. School, the achievement tests last year in the Junior School, the transfer examinations to secondary, both our own and the Governments, the O level results in terms of the I.Q.s of boys sitting, and just recently, the very encouraging scores of a few boys in the advanced placement examinations at the end of Senior Year.

In all of these, Saltus has no need to be apologetic; in fact, a study of the results shows just how good a job the teachers are doing.

But they are all comparative, and they are all averages; like any other school, we have individual results very much better and some worse, if not very much worse. Comparisons can be healthy, but as soon as they make us seem to be achieving our goals too easily, they are invalid, and we must seek others. Absolute standards are difficult, even impossible to find, especially on an island as isolated as this.

Also, of course, we have a very wide range of ability at Saltus. Entry is virtually open at age 5, and half of the boys in the Senior School would not have been in the old-fashioned British grammar school in the U.K. We have responded to this by moving boys at different speeds (had we not done this, no boy, however clever would have sat O levels until the year in which he was 17, an appropriate age for some, but farcical for a gifted boy.) But, having done this, how do we convince a boy, or his parents, that he is in fact achieving very well in terms of his own individuality when he sees others apparently managing so much more? We must keep common syllabuses, even if the boys move at different speeds. To set an obviously different range of targets for some boys is inconceivable in terms of motivation. Anyway, it would be nonsense; there are always some disappointments at O level from the clever boys who give up, and just as many only average boys do better than they should. So they must all do the same courses, and we must continue to respond sensitively to such problems as setting and form placements, late developers, and their opposites, and, above all and this is the challenge to insist with each boy and his parents, that he has his own standards, an individual ceiling, to attain. It is not easy, but it is foremost in our minds."

In his own words

... *A Fond Farewell*

I would ask that you hold the foregoing commentary in mind when you hear people opine that things were so much better in the past and that the school is so vastly different nowadays.

Thirty-five years ago, in 1974-75, the focus of the schoolmasters was the students, however diverse the teaching methodology might have been and however different it may seem from that employed today. Entry to Saltus was, as it is now open to all and the focus was individual achievement rather than ranking and averages. The terminology may have changed but the focus was on a students own standards, (and) an individual ceiling - a mantra one hears today as if it is a new discovery! When teaching ceases to be about students as people and becomes simply a list of averages, grades, and league tables, then Saltus will have lost its way absolutely.

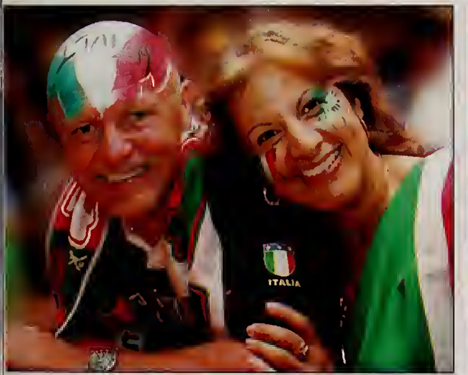
I do not foresee that that will happen.

I wish to thank all the members of our school community most sincerely, particularly in the recent kindness in the celebration of my contribution to the School. At Saltus, we talk much of being a family and it is true that we feel ourselves to be so. Soon, my generation will have moved on as other of my contemporaries leave in their turn. As I prepare now to leave Saltus and Bermuda after over thirty years, I know that I leave a school which is strong and entirely capable of fulfilling the hopes and aspirations of our students and of serving the community of which it is a part.

It has always been so.

Good luck to you all. I shall watch SGS from afar as long as I can get a wireless connection to my deckchair under the oak trees in my garden!

N.J.G. Kermode
Headmaster 1999 2009
September 1978 August 2009



From the Desk of the Deputy Head..

> "....schools are not merely about buildings, about curriculum, about policies and procedures, but also about people, and especially the students who walk the corridors and the teachers who ply their trade in the classrooms."

It is customary for a commentary such as this in a school yearbook to look back and to reflect upon the many achievements and successes of a busy year well spent, as evidenced by the many pictures and articles contained in the pages which follow. Even a cursory glance at the content will confirm the breadth and quality of the experience offered to our students, as well as the enthusiasm and energy with which they have seized the many opportunities afforded them. Much of the quality of the life of our School, both now and over the years, can be attributed to the dedication and service of the many staff members who give unselfishly of their time and expertise for the benefit of the students. Nigel Kermode is clearly one such individual, and it would be remiss of me to allow the occasion of his retirement to pass without comment upon his inestimable contribution over his thirty-one years of association with Saltus, the last ten of which as its eighth Headmaster.

The Saltus Newsletter for the Summer Term 1999 contains an interview with Nigel following his appointment as Headmaster. I can assure our parents, students and my colleagues, he said, that positive changes will proceed, and that we will continue to ensure that Saltus remains a happy place in which to learn and to work. Now, ten years later, no-one can dispute that he is undoubtedly a man of his word. Despite our initial agreement that a period of consolidation was necessary after some significant change under his predecessor, Trevor Rowell - which included the re-branding of our college-preparatory programme from The Post-Graduate Year (PGY) to The Graduate Year (SGY), the move from 3- to 4-form entry in the Preparatory and Junior Departments, and the required major building works, and the introduction of Learning with Laptops in we have hardly had time to catch our breath as one initiative has followed another in moving Saltus forward in a positive direction. The formulation of a Campus Master Plan which will take the School many years into the future; moving the GCSE examination period forward one year to bring us in line with schools in the UK; the completion of the most ambitious Capital Campaign in the Schools history and the resulting construction of the Francis Goose Gosling Centre; the introduction of a Foundation Year, as well as a two-year college preparatory programme; the creation of an integrated Primary Department under one Head; a three-year process of review, reflection and evaluation, both internal and external, culminating in the granting of accreditation through the Canadian Educational Standards Institute, designed to make a good school better; and the list could go on. Such changes have certainly been both influential and far-reaching. However, equally important, perhaps more so, has been the fact that throughout the process, Nigel has always appreciated that schools are not merely about buildings, about curriculum, about policies and procedures, but also about people, and especially the students who walk the corridors and the teachers who ply their trade in the classrooms. Under his stewardship, Saltus has certainly been a happy place in which to learn and to work and, on behalf of all, I thank him and wish him every good fortune as he and Piera make their new home in the Italian countryside. Arrivederci, Nigel. Sia sicuro. Sia bene. Sia felice.

In closing, we said farewell to another friend and colleague, under less happy circumstances, earlier in the year, with the passing of Jennie Beard. I came to Bermuda in 1977 on the same flight as Jon and Jennie, and I am both fortunate and proud that we have been like family ever since. I cannot add to the words and sentiments already expressed by so many, only to say that Jennie will be forever in our thoughts and in our hearts.

Malcolm Durrant.

St Georges Field Trip

Unfortunately, the day some classes went to St. Georges it poured with rain. That meant that they couldnt see some of the sights on the worksheet that Ms. Stafford gave us. The kids promised to go back with our parents and look at them in better weather.

5B had good weather when they went as you can see from the great photos.

The new World Heritage Centre was really interesting. This is a museum explaining about the history of Bermuda since the wreck of the Sea Venture. Ms. Stafford told us to pretend we were on the Sea Venture in the hurricane and we pretended to throw up over the side of the ship! It was pretty crowded just with one class but really there were one hundred and fifty people on board the real ship.

We went to St. Georges because we were studying Bermudas history in Humanities and we were really lucky to be learning about this in Bermuda.s 400th anniversary.

Chaplin Bay Field Trip

On year five field trips you always have lots of fun. At the beginning of May we went on a field trip to Chaplin bay. When we got there our teachers turned into students like us and learnt things from the trip leader, Miss Massy. We learnt lots about seashore plants and animals, how rocks erode, how arches and stacks are formed and how sand dunes are formed.

By Will Dennis, Ian Anderson, Sebastian Mortimer and Brandon Greet

The Aquarium Field Trip

All the year fives went to the Aquarium in January because we were studying Bermudas Coral Reef. The teacher who showed us around was Ms Coleman. We went into a class room and while she talked, she showed us slides of different types of coral. We learned that there are two different types of Coral hard coral and soft coral. Brain coral is hard coral. Sea Anemone is a type of soft coral. We also found out that Fire Coral is actually brown not red like most people think it is.

We looked at a map to see where in the world coral reefs are and we talked about how to protect our coral reef from pollution, boat anchors and scuba tanks. We are going to tell everyone we know not to throw their trash in the ocean! After the Aquarium Trip we certainly knew lots more about our coral reef.

By Kayla Dowling

TRIPS AND CLUBS

ECO CLUB

In the spring term we started an eco club. About fourteen children met at lunch times and worked on different environmental topics. In the summer term we put sign up sheets for other people to join. In eco club we learn different ways on how to go green. This past term we have been having meetings in Mrs. Shaw's classroom every Wednesday we could. During those sessions, we talked about different ways to stop making pollution, stop making trash and more. We have also started to recycle egg cartons but only Windy Bank and Wadsons Farm eggs. On Wednesday, April 22nd 2009 B.A.S.E.C had an Earth Day Birthday at Bars Bay Park. In May Keep Bermuda Beautiful had their spring clean up and Saltus cleaned up on a Saturday at 1 p.m. along Woodlands Road. Next year we are aiming to go outside and clean up the gardens, pick up trash, reduce the hot lunch trash, tell children how to recycle properly because we found a juice box and a sandwich in there and maybe even get a composer for plants and vegetable waste. Lastly everyone can sign up from p3 to p6 so be sure to go to eco club next year.

By Thomas Penruddocke and Julianna Friedman

In the year fives we go on a lot of field trips, such as the one to Spittal Pond. All the year fives went because we were learning about Bermudas flora and fauna a.k.a. Plants and animals. We all went around the end of May which was a good time to go because it never rained on any of the dates planned. We were glad we didnt go in June! Our teachers name was Dr.Oleary. Mrs. Shaw said that she was full of interesting information. Guess what, she actually was.

We learned that Spittal Pond is a nature reserve in Bermuda. Nature reserve means home for plants and animals. Did you know that the Buck-Eye Butterfly is the only endemic butterfly in Bermuda? Endemic means its found in a certain place and no where else. For example the Bermuda Cedar is also endemic to Bermuda. We found out that the plant Match me If You Can takes away fevers. Also the Match Me If You Can leaves never are the same in size or Looks

By:
Kaylie Griffin and Valerie Grossack

Math Explorers Club

One day in the spring term Mr. Grossack and Mr. Cooper started the Math Explorers Club. They decided to hold the meetings at lunchtime on Wednesdays. The topics covered where: Infinity and beyond, Number sequences and patterns, Decoding, Mathematical tricks, Probability, Interest and Investing, How big is a billion, and much more.

It built up to the Math Olympiad held at Cedarbridge school on Sunday26th of April where we had four winners from the Upper Primary Department. These were Ceci Wollmann (2nd), Ruskin Cave (3rd), Elizabeth Parsons (4th) in the P6 category and Mahir Wagh who placed 3rd in the M1 category!

The best part of the club was definitely the pizza party at the end. Thanks to Mr. and Mrs. Grossack for filling us with lots of pizza, drinks and even cupcakes. They also gave each of us a special Math Explorers T shirt.

400 Yrs Old

2009 - A very special year for Bermuda and students in the Upper Primary department

In September 2008 a group of teachers in the Upper Primary department decided to form a committee to plan events and celebrations for the year 2009 this being the 400th. Anniversary of Bermudas permanent settlement. Being a creative bunch of people, ideas were soon flowing as to how we could make this a memorable year for the students with different events which would celebrate our history, diversity and culture. We contacted the Department of Community and Cultural Affairs and were soon listed amongst those contributing to the year long celebrations.

To launch our special 2009 year in January, Minister Dale Butler came to lead an assembly and then each class was asked to contribute a cake with some type of Bermuda decoration these were then all put together to make a patchwork birthday cake which we all enjoyed in the hall.

Next came our 400 projects. Each family was asked to produce a project for display which represented Bermudas 400th anniversary. These were then displayed in the classrooms and the hall for everyone to see. The variety and ingenuity of the projects were stunning and they made a fine display enjoyed by students, visitors and parents alike.

Throughout the year assemblies have tried to follow the theme of our History and culture with such things as re-enactments of the wreck of the Sea Venture, guest speakers, and biographies of famous Bermudians etc. We have been very grateful to those who have shared their knowledge with us and helped to pass on important lessons in history and culture to the next generation.

In February we had a 17th. century day where students were invited to come to school dressed as characters from the 17th. century. We then played games and learnt more about life in the 17th. Century. We also contributed many postcards for the Masterworks/St. Georges Foundation 400 Postcards competition.

Our annual trip to Washington DC and Virginia with year 6 students was made extra special this year by a personal tour from curator, Dan Hawks, of the Jamestown/Bermuda exhibit. Through this link we were also able to become penpals with students of Rawls Byrd Elementary school in Williamsburg even visiting their school for lunch so we could meet face to face and learn more about each other.

May being Heritage month, we knew we needed to do something special and Mrs. Pettit and Mrs. Edwards took on the task of entering a float in the Bermuda Day parade. This was an arduous task, but was achieved with the perseverance of a team lead by Mrs. Pettit and Mrs. Edwards and everyone felt enormous pride that the Saltus float looked so good and won a second place ribbon. Heartfelt thanks went to all who were involved. Students in the Upper Primary department were also presented with souvenir pins to wear or keep.

Although the school year is over the celebrations will go on into the Autumn term with an International Dinner planned for October at which our students flags will be on display.

Finally, we hope to end the year as wonderfully as we started it, so that our students will always remember the significance of 2009 and the things they learnt during the year.

FUN TO

UPPER PRIMARY MUSIC

It has been another rewarding year for the music department. The various ensembles have performed throughout the year. Wind band has been a delightful addition to several assemblies in the Upper Primary Department. The S5&6 Choir performed on the steps of City Hall for the annual Tree Lighting Ceremony at City Hall near the end of November. The J5&6 Choir also performed at Bermuda College for the Tree Lighting Ceremony and for the Saltus Christmas Shopping event. In the midst of all of this activity all of the Year 5s and 6s also presented Alice in Wonderland. The Year 3s and 4s also did a Christmas Concert in which they performed funny Christmas songs and the nativity Beneath a Shining Star. The year 4 Recorders and the 3&4 Choir also performed at this event. The Wind Band participated in Carols For All. This has become a senior school event, but quite a few students from both the upper primary and senior departments play in Wind Band. This event was enjoyed by all. The Three Departments Concert was once again a success. Due to poor weather it was rescheduled from a Thursday evening to the Friday evening. The Wind Band, S5&6Choir, S3&4 Choir and the Orchestra represented the Upper Primary Department.
The Junior Orchestra played for the Prep. 2 visit to the Upper Primary Department. Quite a few of our students played with the Menuhin teachers at Barnes Corner for the End to End. Upper Primary students sang Thank You Parents for the parent volunteers. The Junior Orchestra was kept busy until the last day as they did a great job playing for prize day. All of the year 6 students performed There Youll Be complete with sign language and The Climb for prize day. The whole school performed Somewhere Out There as a tribute for Mr. Kermode. Many of our students have taken music exams this year and obtained great marks. As usual it has been a busy year for the music department but definitely well worth the effort. With the continued support of the staff, parents and students a love for music will continue to flourish at the Upper Primary Department.

56 FRIENDSHIP BENCH

Class Parents

Volunteers

There are many who help the school throughout the year; and the Upper Primary Department would like to thank you all. Due to the sharing of digital photography there are an increasing number of contributors to the pictures you see in this section and I would like to thank them for their expertise. I would especially like to thank Cynthia Barnes for her archival material without which much would pass unrecorded.

THE BERMUDA NATIONAL TRUST
For Places of Historic Interest or Natural Beauty
Web Site www. bnt. bm

THE BERMUDA NATIONAL TRUST

Morrell Nature Reserve Mangrove Bay, East Shore Road, Sandys

Morrell, Bermudas leading suffragist, gave this two-acre site to the Imperial Order of the Daughters of the Empire, Sandys Chapter in 1951, in appreciation of the spirit which
mated the Sandys chapter in carrying out the undertaking of the Order both in war time and in peace, and in the hope that the field she gives them may provide a
for their activities in the future and give them wider scope.

s. Morrell wrote in her History of the IODE in Bermuda, the Chapter intended to build a hall on the site for their many community projects, and she hoped the field could be
r outdoor fetes or flower shows. Although Mrs. Morrell reported that the building fund was up to £2,000, in the end, the Daughters of the Empire felt that there were enough
the vicinity and they donated the land to the Trust in 1973 in memory of Gladys Morrell.

rust saw this as an opportunity to establish a native forest in a sheltered upland valley, well away from the salt spray. The area was mass-planted with the full range of native trees
4. While the new forest began to grow in well, the invasive species began to overwhelm the natives in the absence of sufficient funding to manage the property. This problem of
es on the Trusts reserves has been a matter of growing concern.

4 the Gladys Morrell Nature Reserve was chosen as the first site to undergo a
reclamation project for native species. Led by Dr David Wingate and funded by the
verseas Territories Environmental Programme, the project involved a major culling of invasives and planting of native species. This effort will take several
nd much vigilance to complete, as the invasives are always the first plants to colonise the cleared areas. The Trust will continue to remove the fast-growing
es so that the slower-growing natives can establish themselves. Until they do, it will not be a pretty sight. Ultimately, the native forest will be reestablished on the site at a time
atives are becoming ever scarcer.

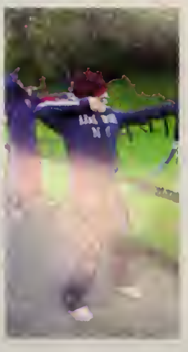
THING 2
THING 1



Before we started to learn about the rules and equipment in fencing we had to get warmed up with an exercise. We played dodge ball just to get our feet moving and ready to fence. The fencing was really fun and tiring. When [illegible]
The next day we woke up and went straight to eat breakfast and then off to bread making. The bread making was basically just mixing flour with water and salt then beating it to death and then shaping and baking it. We got to eat our bread at lunch it was delicious along with all the other baked goods. Later on that afternoon we got to play aero ball. Aero ball is a game in which you are on a trampoline with one teammate and two opponents. What you have to do is jump, throw and score in the other players net - trying to get it high and accurate."

"The next day we had time to pet and feed the animals at the petting zoo including t horses and lamas. Later on that day we got to do rock climbing. It was pretty difficu but it was really fun! Afterwards we got to go to St. Michel the main attraction in Normandy and learn all about its legends. Later on in the evening we had a Hallowe party where we were basically scared to death when we had to walk through the woods at night but it paid off to a night of dancing, firecrackers and cool activities.
The next day we were sent to do photo grams with our instructor JU JU. It was reall cool how we could make our own little pictures and shapes by using things from nature such as leaves, rocks and feathers and we used a couple stencils. Later on in evening we did a series of activities concerning team building. We had to do things such as crawling through nets, balancing our own weights on a big piece of wood a going through obstacles blindfolded.
The next day was our final day. We got to go to the Normandy zoo! It was so fun. V got to see so many animals up close such as cheetahs, chimps, giraffes, lions, otters lemurs, wild boars, zebras, ostriches, alpacas and yaks.
That is the end of our fantastic journeys and adventures in France. I would definitel go there again. It was a great time and an experience of a lifetime."

This February, 20 students and 3 members of staff flew to Italy for a one week tour of where the Renaissance in Western Art began. We spent 2 days in Rome, visiting the Collesium, Forum and amazing Vatican Museums, including the Sistine Chapel. And who will forget our brush with Death when we attended Gladiator School! (See Kevin on the right, using his 'matrix' moves to avoid certain defeat!) It was then on to FLorence, where Michelangelo reined supreme! Strolling the streets from our hotel, it was amazing to find the Duomo and Baptistry, not to mention all the open markets and shops! "Scarpe galore!!" Perhaps the most powerful moment was seeing Michelanglo's David inside the Academie, where we spent time sketching and enjoying being in th[illegible] [illegible] of greatness! We had a fantasitc time! Members of the group: Abby Corre[illegible] [illegible] [illegible]rdo, Kortney Edwards,, Hannah Gibbons, Rhea Gibbons, Michael Grant, [illegible] [illegible] McNeil, Kacee Morton-Simons, Haley Rayner, Kaijea R. Saltus Stockers meeting with Minister of Education Al James

Saltus again entered the KPMG Investment competition with two teams, the Rogue Traders and the Saltus Stockers. Both teams were eager to defend their title from last year. Given $50,000 each to invest, students set up their portfolios under the supervision of Mr Young, Ms Dill and Mr Martin. Teams were allowed to trade up to four times per month, with regular updates sent by KPMG.

The Rogue Traders started very strongly, quickly opening up a large portfolio lead over the other 13 teams. The Saltus Stockers, however, were quickly left behind, losing $13,000 in the first two months. This continued for the next two months, with Rogue Traders continuing to lead the way.

A late investment change in February saw Saltus Stockers move up the ladder to be in third position, with only one month left. Some currency fluctuations and a late charge in the Canadian coal mines saw Saltus Stockers overtake the Rogue Traders in the final week. Both teams ended with impressive portfolios from their original $50,000. The Rogue Traders, who finished second, closed with $71,358. The winning team, Saltus Stockers, narrowly beat them with $71,877.

All students should be congratulated on their effort. The result was that the school was awarded the first place prize of $10,000. This money will be spent on various programs within the school, including a solar panel unit.

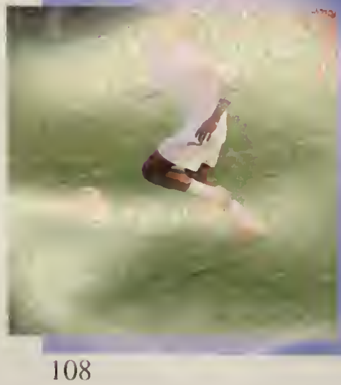
1st XII VS Old Boys



1st X1 Team: Milton Stephens, Nick Parker, Michael Armstrong, Phillip Parsons, Alex White, Daniel Andrade, Caleb Crockwell, Alton Roberts, Zeiko Lewis, Taylor Braithwaite.

1st XI versus Old Boys

This years Old Boys game got off to a flying start with the 1stXI taking the lead as early as the first minute with Michael Armstrong tapping in a perfectly driven corner at the near post. However, that was all the excitement for the first half as it fizzled out with the 1st XI failing to capitalize on the numerous opportunities they had on goal.

The second half was far more competitive with the Old Boys starting to exert their experience in midfield, organization at the back and potency in attack. This resulted in Ralph Gumbo Bean scoring from close in to level the scores 5 minutes into the second half. Piper was next on the score sheet to put the Old Boys ahead 2 minutes later with a header off of a corner. The 1st XI responded well with a wonderful strike from the left side of the box from Zeiko Lewis that beat the keeper at the near post to make it 2:2.

The Old Boys put the game out of reach with a thunderbolt from Ian Morrison which left the keeper with no chance at making a save. The score now at 3:2 the 1st XI sent numbers forward in search of an equalizer and were punished with an expertly taken goal from Ralph Gumbo Bean who ran onto a through ball at the half way line to beat a defender and round the keeper for the simplest of tap ins. Credit t the 1st XI as they battled on and got another goal from the penalty spot as Ian Morrison was adjudged to have taken out a player in the box. Caleb Crockwell stepped up to slot the ball past the diving keeper.

Track & Field

The annual B.S.S.F [illegible] school track and field event was held earlier than usual and as a result the school team had to be handpicked by the P.E. department. All those who participated performed very well in a highly competitive event. Saltus completed the event in 4th place overall. Special mention needs to go to Trey Simons (1st in the 1500m & 3000m), Kevin Simmons (1st and 3rd in Triple Jump & High Jump), Winton Woodley (1st in the 800m tying Mike Watsons 15 year old record), & Sarai Hines (1st & 2nd in the Javelin and Shot Putt). All of the athletes should be congratulated on their efforts throughout the event.

Colors Awarded: Alex White, Jordan Kuebler, DMitri Williams, Daniel Andrade, Rakeem DeShields, Kacee Morton-Simons, Yukio Swan, Eoin McMahon, Alton Roberts, Julesa Robinson, Kevin Simmons, Rachael Madeiros, Ryanne Bardgett, Massimo Buglione, Trey Simons, Damian Palanyandi, Jordan Wilkin

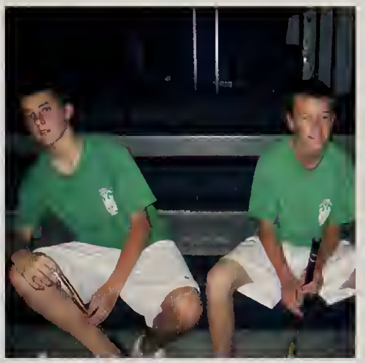
NETBALL

The Senior Girls have played at a good level this year despite having to play in a v competitive league. They finished in 3rd place at the annual senior school netball tournam Mrs. Robinson and the girls should be commended for their efforts this year and we l forward to even greater success next year!

Colors Re-Awarded: Yvonna Osborne, Katrina Simons, Kacee Morton-Simons, Sarai Hi Julesa Robinson

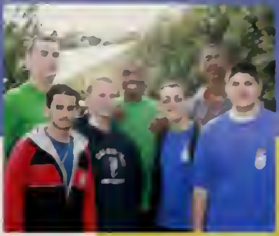
New Colors Awarded: Zakiya Morris, Marli Foggo, Jahde Robain, Rokeyah Brown

Tennis & Badminton



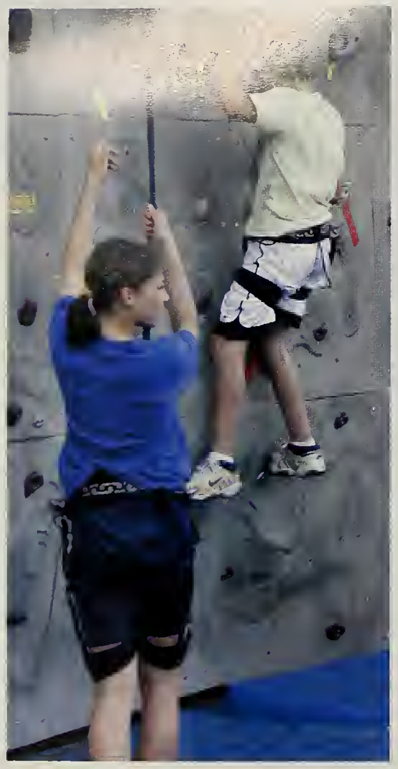
Middle School Boys & Girls
The boys team of Courtland Boyle and Billy Boyle completed a fantastic tournament by finishing 1st overall. The girls teams participated well in a keenly contested tournament, but did not place.

Sports Day



Climbing Wall

Just hanging around.....



Scaling new heights in the Climbin Club

Students from S3 to SGY have great fu at the after school Climbing Club supervised by Secondary teacher Samantha Turner. This was started in February 2008 at the Olympic Club. Miss Turner, who started climbing at University and has been climbing for approximately 10 years, has complete teaching qualification for climbing the Single Pitch Award. She has climbed the Coast in Dorset (Swanage and Portland); climbed Ben Nevis, ScaFell Pike and Snowden in the UK; and climbed in the High Pyrenees where s did some multi-pitch lead climbing. In addition to Miss Turner, there is an instructor at the Olympic Club who d most of the teaching. There are approximately 20 students who attend each session and, due to this high number, Ms. Duggan, another Second teacher has been helping to supervise children. The older students are taug to belay and eventually they can bela the younger ones. Ms. Turner periodically organises games and challenges just to keep things interesti

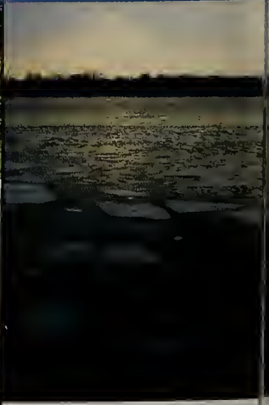
Washington Trip
Presidential Inauguration 2009

SWEET PLOWIN'

Waiting for the New President! Sarah, Asha, Abby and Christine



On Saturday 17th January, 2009, 21 pupils from Yr 9-SGY1 plus Miss Crabb and Mr Martin set off to Washington DC to witness the historic inauguration of the next president of the United States, Barack Obama. The first 2 days were spent in Williamsburg and Jamestown, two of the oldest colonial settlements in North America. Here we went on ghost tours, and experienced how hard life would have been in the 17th Century. It was cold enough for us with our technical layers on! Then we headed back to Washington DC for some sightseeing before the big day. The capital was very busy, with millions of people arriving for the historic day. But, we managed to see the White House, the Washington monument, Lincoln memorial and various memorials for the wars America has fought in. On the actual day, temperatures were as low as -13 degrees Fahrenheit and we set off from the hotel at 5am to walk to the big screens on the Washington Mall. The crowds were unlike anything anyone had experienced, as was the cold! It was an amazing atmosphere though, and as President Obama gave his speech, the million people fell silent. A long but memorable day. The trip was finished with a visit to the Arlington National Cemetery and then we flew back, very tired, to the pleasant warmth of Bermuda!

Cornell, Danielle, Jordan, Matthew, Hannah and Eric
